I found working with Renita was a very positive experience. She was very sensitive to our needs and concerns as first time home buyers. I found her very knowledgeable, street-smart, and talented. She very obviously cares about the people she serves and does the job for the love of it. She seemed to make our interests hers, and I would recommend her to anyone.

Thank you so much for your expertise, energy and patience. You got me at the tail end of a rotten situation and helped me get settled in a new place to live!  
Thank you...again and again.

First Transaction: Thank you so much for helping us find our dream house. It is being painted as we speak! Thank you for all of your trips to our house with forms in hand, and for being so open and supportive. It has been a pleasure working with you!

Third Transaction: Renita was amazing! We don't know what we would have done without her. She was honest, funny, and worked so hard as our advocate

I chose Renita—She just happened to be with Windermere. I would refer her to my family and friends.

Thank you for helping us find the perfect house. You really came through for us in the last minute when there was already two other bids on the property. We really appreciated how flexible you were with your time. You were always there when we needed to look at a house or had a question. Your experience and guidance helped us make the right choice for my family. I'll all you gain when I'm ready for my next house.

Dear Renita,

I want to thank you personally for your efforts that resulted in our closing at the 1103 SE Hawthorne Blvd. home for my sellers, Rebecca and Ron Leiv and your buyers.

Your attention to detail and your honest, straight forward and pro-active approach proved that closing can be accomplished with a positive, "can do" attitude. Working with you was a pleasure, and I look forward to further transactions with you in the future.

Have a great day!

Thanks so much for all your help with the “house deal”. Matt and I are looking forward to getting our kitchen together so we can use our new cookbook!

Yes, Yes, second all that I'd also like to say how much we appreciated your guidance. We didn't feel the need to look over our shoulders or peer into the shadows.
